Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running, sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is not a matter of time, but of fact, that deafness is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE THEATERS

The Billy Allen Musical Comedy Company numbering thirty-five people, mostly girls, which will appear all next week at the Robinson Grand, will present for the first two nights

Billy Allen and a group of his choristers.

Joseph M. Gaites's sumptuous production of "The Three Twins," the first time it has ever been presented here at popular prices. Intermingled with this humorous

Here is a special feature notice to the Clarksburg picture public. Mr. and Mrs. W. S. Simera have just returned from a trip to the principal cities in the East and have made arrangements with the big producers of high class motion pictures to furnish the popular Bijou theater with the choice selections of their output, commencing Thursday, August 21.

On this date the Bijou will show a special three-reel Vitaphone production, "The Snare of Fate." Another Vitaphone comedy, "A Bunny," special, "The Pocketbook" and a special Biograph western, "During the Round-Up." These are only samples of the classy productions that will appear at the Bijou. Today's list of artists include John Bunnay, Miss Dorothy Kelly, Miss Lillian Gish, Miss Flora Finch, Henry Walhal and William Humphrey. The Bijou has recently undergone a thorough overhauling and enlarging its seating capacity, there now being 450 choice seats on the first floor and 100 in the balcony. An entire new lighting system and new ventilating system. It is also being equipped with the new Edison Ozonizer system, which insures pure fresh air all the time. Also the West Penn odor recifier and a lighting system which makes the house so light that you can read a paper in any part of the house. The new \$1,000 mirror insures a perfect picture, clear, deep and sharp photography. A visit will make you a regular patron of the Bijou.

The Light of San Antonio, Tex., had the following to say of the appearance there recently of Paul Gilmore in his new comedy drama, "The Havoc" with which he will

Scene from "The Havoc."

open the season Saturday night at the Robinson Grand. "The Havoc" in the hands of the Paul Gilmore Company is, perhaps

Never before has the Clarksburg public had a chance to get as much good show in one performance as is on the boards at the Odeon theater for rest of the week.

Brandon and Taylor are putting over a stunt which is very much out of the ordinary. They carry rich scenery, and their costumes are fascinating in the extreme. Both know the meaning of true wit, and display originality in their funny sayings. There is no room for the blues in the presence of their contagious hilarity. They capture the audience from the first and hold on by their fun-making with a grip that no melancholy can break asunder.

Mademoiselle Brandon, partner of the team, Brandon and Taylor, is a fascinating little wisp of humanity and clever as well. Furthermore, the act is of the Orpheum circuit, having played all the large cities in the United States. They carry their own special scenery and electrical

ON AUTO TRIP.

Mr. and Mrs. Frank L. Grove, daughter, Miss Florence, and Miss Mabel Carr started today on an extended automobile trip. They went today to Washington, Pa. Thence they will go to New Castle, Pa., Jamestown, N. Y., and other places and be gone ten days.

HURT

Is a Little Actress in One of the Acts of the Billy Allen Show.

MORGANTOWN, Aug. 21.—Intense excitement reigned for a time last night at the Swisher theater where the Billy Allen Musical Comedy Company is playing a week's engagement, when Elsie Colton, a six-year-old girl, was painfully hurt.

The child was on the stage in a moon effect arrangement and was being glided across the stage before her mother, who was singing a solo, when the holdings of the "moon" gave away, and she fell. The moon being of heavy iron material, struck the child's ankle and she was painfully but not dangerously hurt.

Manager Arthur, of the theater, was near the side of the stage on the main floor and he saved the child from falling forward by catching her in his arms, in so doing he fell backward and struck his head against a stairway, receiving a painful but not serious wound.

The comedian of the company appeared on the stage at once and kept up the performance which tended to quiet the audience. In a short while the audience was quieted down and the show was completed.

At a regular session of the town council of North View, held August 19th, 1913, at 7:30 o'clock p. m., the following ordinance was adopted:

AN ORDINANCE RELATING TO SIDEWALKS.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE TOWN OF NORTH VIEW: SECTION I. All persons or corporations owning a lot or lots, within the corporate limits of the town of North View, abutting on any street or road thereof, shall construct a sidewalk not less than four (4) feet in width, of lumber, brick or cement, along the street or road, for the entire distance which such lot or lots shall abut upon such street or road, within 30 days from passage of this ordinance, and shall thereafter maintain and keep such sidewalk in good repair; provided, however, that where a sufficient side walk is already constructed along such lot or lots, at the present time, the same may remain until further notice is given in the property owner.

SECTION II. Whenever, in the opinion of the Council, the pavement of any side walk shall need repairs, the Superintendent of Streets shall give at least ten (10) days' notice to the owner of the property in front of which such side walk is located, to make the necessary repairs, and if such owner shall not make the repairs within the time therein required, it shall be the duty of the Superintendent of Streets to cause the same to be done at the expense of the Town and file with the recorder of the Town a statement of such expenses, plus 10 per cent additional, and the Council shall assess the amount of such expenses upon the owner of such property and require the same to be collected by the Town Sargeant in the manner provided by law for the collection of taxes.

SECTION III. If any property owner shall fail or refuse to construct side walks in front of his property, as required by Section I of this Ordinance, within the time therein required, it shall be the duty of the Street Committee to cause such side walks to be made upon the most reasonable terms and to furnish and file with the Recorder of this Town, a correct account showing the expenses of the construction of such side walks. Thereupon, it shall be the duty of the Council to assess the amount of such expenses upon the owner of such property and require the same to be collected by the Town Sargeant in the manner provided by law, for the collections of taxes.

SECTION IV. Whenever, in the opinion of the Council, or of the Mayor, or Superintendent of Streets, the pavement or any side walk shall need cleaning, the Street Committee shall give the owner, agent or occupant of the real property next adjacent thereto, at least one day's notice requiring such side walk to be cleaned and if the owner, agent or occupant of such property shall not clean such pavement in the manner and within the time prescribed in said notice, it shall be the duty of the Superintendent of Streets to cause the same to be done, and the amount of such expense shall be reported and assessed in the manner of similar expense as provided in the preceding section.

SECTION V. All sidewalks shall be of uniform grade with the street or road and shall rise from the curbstone or water table, if at any, at an angle of one-half inch in every foot in the width thereof.

SECTION VI. All curbstones used for securing pavements on the sidewalks shall be of the following dimensions, viz: At least four feet long, at least 5 inches thick, and at least twenty inches deep, unless for good and sufficient reasons, the Council shall otherwise order at the time, and the said curbstones shall be so set as to show at least four inches above the ground on the side next to the street or alley.

SECTION VII. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

SECTION VIII. This ordinance shall be in effect on and after its day of passage.

SECTION IX. Notice to property owners to construct sidewalks as required by Section I of this Ordinance shall be given by causing a copy of this Ordinance to be published in two issues each, of the Clarksburg Exponent and the Clarksburg Telegram.

Copy from the record.

ARTHUR ESHENFELDER, Recorder.
